

## COMPUTER ACCEPTABLE USE POLICY

Use of the Internet provides great educational benefits to students. However, some material accessible via the Internet may contain items that are illegal, defamatory, or potentially offensive to some people. Access to the Internet and World Wide Web is available as a privilege to students who accept the requirements of this policy and agree to act in a considerate and responsible manner, fulfilling both the spirit and letter of these statements.

Students and parents/guardians must read and accept the following rules for acceptable computer usage behavior. Acceptance is confirmed when the Application for Admission to Andrews Academy is signed.

1. Students are responsible for following Christian standards of behavior on the Internet just as they are in the school building. General school rules for good behavior and communications apply.
  2. Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain the system responsibly. Users should not expect that files will always be private.
  3. Individual e-mail accounts are allocated through Andrews University rather than Andrews Academy. Each user is responsible for the management of material sent and processed through his/her account.
  4. The school reserves the right to limit computer access through supervision and certain software.
  5. Violations may result in a loss of access as well as other disciplinary or legal action.
- 6. The following are not permitted:**
- Tampering with, adding to, deleting, or reconfiguring or in any other way adjusting the desktop screen, programming, or networking of school computers
  - Sending or displaying offensive messages/pictures
  - Using obscene language
  - Harassing, insulting, or attacking others
  - Damaging computers, computer systems, or computer networks
  - Violating copyright laws
  - Using another's password
  - Trespassing in folders, work, or files
  - Intentionally wasting limited resources, including the use of "spam" and messages broadcast to mailing lists or individuals
  - Employing the network for commercial purposes
  - Revealing the personal address/phone number of any faculty member/student of Andrews Academy on personal webspaces or websites like myspace.com, bebo.com, etc.
