The university is concerned with educating the whole person—mentally, physically, spiritually, and socially—based on the philosophy of Adventist education. It recognizes that one's career cannot be complete or balanced without ample provision for spiritual, cultural, and social needs. Therefore, many activities not directly related to the instructional program are available. Each student has an opportunity to take part in those of his/her special interest.

STUDENT HOUSING

Andrews University offers several choices of living quarters to meet students' needs.

Residence Halls. The university maintains two men's residence halls (Meier Hall and Burman Hall) and one women's residence hall (Lamson Hall). Double-occupancy rooms are standard. Private occupancy is permitted by special request if space allows.

Apartments and Houses for Rent. The university owns approximately 300 apartments and 25 small unfurnished houses which are available to married students and single-parent students. Only the efficiency apartments in the Garland complex are available to graduate single men or single women, or undergraduates who are over the age of 22 years. Accommodations are available only to those who have been officially accepted for studies at the university. Since apartments are limited, applicants are advised to apply six to nine months before their first quarter of studies.

Most apartments are furnished, including stove and refrigerator. Tenants must supply their own

the campus or after it is acquired. Decals, issued when a vehicle is registered, must be affixed within 24 hours after being issued. Failure to register a motor vehicle within the specified two weeks and failure to display properly the decal after it has been issued results in a fine.

HEALTH-RELATED CONCERNS

Insurance—Sickness/Accident. Students registered for 6 or more credit hours are automatically covered by a sickness/accident insurance plan. Those who have proof of comparable insurance coverage elsewhere may waive the university plan

Auto Licensing. An understanding exists between most state governments to the effect that *bona fide* students, not locally employed, attending an out-of-state accredited or recognized school may use their home state license plates and operating license during the period of their attendance at such an institution. State license plates and operating licenses may also be renewed during attendance if necessary.

Auto Insurance. All vehicles must be covered with public liability and property damage insurance, with the insurance remaining in effect as long as the vehicle is in the university community. Expiration or cancellation of insurance automatically revokes motor-vehicle registration and privileges. All vehicles must be maintained in legal operating condition at all times. Regulations governing the use of motor vehicles are described in a brochure available from the Campus Safety Office.

Any compensation received by a student through local employment is interpreted as sufficient to render him/her liable for registration of his/her motor vehicle and the securing of an operator's license in the state of Michigan.

FOOD SERVICE

Food service facilities are housed in the Campus Center. The Terrace Café (cafeteria on upper level) has three dining rooms—Badger, Lincoln, and Wolverine—which seat approximately 600 people. The Gazebo (snack bar on main level) provides fountain grill service. All entrees in the Gazebo and Terrace Café are vegetarian.

MEDICAL SERVICES

Required Medical Records. Michigan State Law requires that all first-time students supply certain medical records to the school of their choice before registration can be completed. The required records are those for (1) Tuberculosis Screening and (2) Measles, Mumps, and Rubella (German Measles) Immunization (MMR). See the admission section of this bulletin for detailed requirements.

Available Medical Care. Physician appointments and nurse visits, as well as most short-term medications needed, are available to residence-hall students. These services are included in the rent/health plan and are not charged separately to the student. However, charges are made for lab work, X-rays, and accident cases involving third-party liability.

The Student Health Office is located in the southwest corner on the first floor of the Campus Center. Office hours are from 8:30–11:30 am Monday–Friday, and 8:00–10:00 pm Sunday–Thursday.

Non-residence-hall students living in the apartments or off-campus housing may direct their health needs to the University Medical Specialties, located next to the Apple Valley Plaza. Phone 473-2222 during regular office hours (8:00 am–5:00 pm, Monday–Thursday, and 8:00 am–12:00 noon, Friday) to schedule appointments.

If an emergency arises that cannot wait for regularly scheduled office hours, students may contact a physician by calling the answering service at University Medical Specialties at 473-2222.

Daughters of the Lord. The Daughters of the Lord (DOTL) is primarily an organization for the wives of seminary men. Its purpose is to enrich the lives of the women and help them prepare for ministry in partnership with their husbands according to their talents, gifts, and desires. Although the organization focuses on seminary wives, it also encourages participation by faculty women, faculty wives, and students.
