General Chemistry—8

Organic Chemistry—8

General Physics—8

: human anatomy, biochemistry, histology, computer science, systems physiology, management and organization, fundamentals of accounting, a survey of calculus, machine shop, and religion.

Total pre-dental credits—96

HEALTH INFORMATION MANAGEMENT

Health Information Administrator

Marcia A. Kilsby, Coordinator

(269) 471-6294

Halenz Hall (Science Complex)

Health information management includes the development of information systems to provide optimal user access to medical records and other vital patient data. The health information administrator also manages or consults in maintenance of quality and legal standards for data used in administrative planning, research, health care quality evaluation, and financial reimbursement. For more information: <http://www.ahima.org>.

LAW

Brent Geraty, Coordinator

(269) 471-6530, bgeraty@andrews.edu

Nethery Hall, 122-C

Law schools prescribe no particular college program. Therefore, a pre-law student may select her major(s) and minor(s) according to interest and aptitude without adversely affecting admission to law school. The prospective lawyer's education should be as broad as possible, including the development of writing and reading skills, logical and analytical thinking, and understanding of legal, political, social and economic issues and institutions. Because competition for admission to reputable law schools is intense, it is important to maintain a high level of academic achievement.

Students who want to go on to law school should consult frequently with the pre-law advisor, certainly at least once per year

OPTOMETRY

James L. Hayward, Coordinator

(269) 471-3241

Price Hall (Science Complex)

As a general rule, a minimum of two years of college work is

students who wish to enter a 2-year Associate of Science degree program or a 4-year Bachelor of Science degree program in Respiratory Care. Admission requirements vary among professional respiratory care programs. Not all professional programs accept transfer credits. Therefore, as soon as possible, interested students should contact the programs of choice for the most current prerequisite requirements. A list of accredited respiratory care programs may be obtained from the American Association for Respiratory Care, 11030 Ables Lane, Dallas, TX 75229 (phone 972-243-2272 and ask for the Education Department) or explore the web at http://www.aarc.org/patient_resources/schools.html.

Loma Linda University: Interested students may complete the prerequisites for Loma Linda University's Respiratory Care Education Program while attending Andrews University. Check with the above listed coordinator for the required course work. The Pre-LLU/RC student may then apply and transfer to LLU through its selective admissions process as a second-year student in their program.

Pre-Art Therapy	43
Visual Art	40
BS: Visual Arts Education	53
Minor in Art History	20
Minor in Graphic Design	23
Minor in Visual Art	24

It is the mission of the Department of Art and Design to develop our God-given creative gifts in order to integrate our personal, spiritual and professional lives.

Undergraduate Programs

Bachelor of Fine Arts (BFA)

The Bachelor of Fine Arts degree is recommended for students planning to enter one of the visual art professions and/or to do graduate work in visual art or art therapy. The studio-oriented BFA program requires 80 credits of visual art and art history courses plus the General Education courses. Central to the BFA curriculum is 28 credits of advanced design or visual art in a single emphasis. The process for entering a BFA program is two-fold. First, students are accepted into the BA degree program of the Department of Art and Design. Upon completion of the introductory-level courses and successful BFA review (no later than the end of their sophomore year), students can be accepted into the BFA program. The BFA requirement includes the successful completion of a senior exhibition and a portfolio of the student's work given to the Department of Art and Design.
