With authorization from the North Central Association of Colleges and Schools and other controlling organizations, the various schools of the university have entered into official academic affiliation/extension arrangements with certain educational institutions in North America and abroad. The programs range from academic monitoring of existing institutional programs to using institutions as extension campuses or examination centers for graduate and undergraduate education, with degrees being conferred upon students at the next official Andrews University graduation at the main campus and after completion and verification by the Records Office of all degree requirements. The affiliation/extension programs vary from courses offered in a variety of disciplines to full degree programs. Details of specific courses, approved curricula and programs are available from the Office of Affiliation and Extension Programs.

The Affiliation and Extension Programs Committee authorizes and reviews all University policies related to such affiliations and extensions. The administrative and academic committees charged with academic quality control and relevant policy development also govern the extension programs. Financial policies as described in this bulletin are applicable to extension programs in North America. All credits earned in Andrews extension programs are valid on the Andrews campus or any accredited extension campus. Once accepted into an Andrews program, students may transfer between home and extension campuses.

O Value, Y C ce

Andrews University is a Christian community where Christ is celebrated and reflected in the academic, social, physical, and spiritual experiences of its members. As a Seventh-day Adventist institution, we seek to integrate faith, learning, and living, while each of us matures in our relationship to God and each other.

By choosing to attend Andrews University, students choose to be part of this uniquely Christian atmosphere. Every enrolled student signs a **Community Values Agreement** in which they affirm their decision:

1. **To attend a faith-based institution** by respecting Andrews University's Seventh-day Adventist Christian perspective and values. See "A Faith-Based University" section below.
2. **To adopt a wholesome lifestyle** guided by the core values of the Andrews University community. See "A Wholesome Lifestyle" section below.

The expected standard of conduct is described in the *Student Handbook* and in the *Community Values Agreement* which must be signed by each student prior to registration. Students may obtain a copy of the handbook at the Student Life office (or online at www.andrews.edu/SL). The university encourages students to participate in as many extra-curricular activities and organizations as their study-work loads permit. Experience gained in working with others to achieve common goals provides invaluable training. Some of the more prominent campus organizations and activities are described below. A complete list of campus organizations is available from the Student Life office.

Andrews University Student Association (AUSA) and

Publications. The Student Association serves all undergraduate students enrolled at Andrews University for 5 or more credits. It coordinates activities that include the publishing of the *Cast* (pictorial student directory), the *Cardinal* (university yearbook), and the *Student Movement* (university student paper). The editors and managers of these publications are approved by the Student Senate and elected by the members of AUSA. The Senate, composed of about 30 student leaders, exercises legislative and management powers given to it by the constitution of the association.

Student committees—Educational Standards, Student Services, Social Recreation, and Student Life—are additional activities of AUSA. Details about AUSA and its sub-organizations appear in the Andrews University Student Association Constitution and Bylaws.

Andrews University Graduate Student Association. All graduate students enrolled with regular or provisional status in a degree program in all schools and colleges at the Berrien Springs campus of Andrews University are automatically members of the Andrews University Graduate Student Association (AUGSA). The AUGSA assembly includes all AUGSA members and is governed by elected officers who meet regularly and report to the assembly.

The AUGSA sponsors social, spiritual, and scholarly activities during the school year. It may also be involved in university policy development that affects graduate students. Details about AUGSA are found in the *Constitution of the Andrews University Graduate Student Association*.

Student Clubs and Organizations. Numerous campus organizations serve the social, spiritual, academic, and leisure interests of students. Kappa Phi Gamma and Sigma Phi Delta include all women and men, respectively, who reside in college residence halls. Clubs for international and cultural groups, as well as those for commonly held pursuits and causes, provide for the diverse interests of students. Student organizations must be overseen by a full-time staff or faculty sponsor, led by at least three student officers, and guided by an official constitution. Organizations must register each year with the Student Life office in order to function on campus.

S de R

Student Records. Within certain limitations, enrolled students of Andrews University may inspect their official records upon request at the following offices: Academic Records, Human

Auto Insurance. All vehicles must be covered with public liability and property damage insurance. The insurance must remain in effect as long as the vehicle is in the university community. Expiration or cancellation of insurance automatically revokes motor-vehicle registration and privileges. All vehicles must be maintained in legal operating condition at all times. Regulations governing the use of motor vehicles are described in the brochure, *Student Right-to-Know Report*, available from the Public Safety Office.

Students who receive any pay from local employers must register their motor vehicles and obtain a Michigan driver's license and license plates.

Food Service

Food service facilities are located in the Student Center. The Terrace Café (cafeteria on the upper level) has three dining rooms—Badger, Lincoln, and Wolverine—which seat approximately 600 people. The Gazebo (snack bar on main level) provides fountain grill service. All food in the Gazebo and Terrace Café is vegetarian.

Medical Services

Required Medical Records. Michigan State Law requires all first-time students to supply certain medical records to the school of their choice before registration can be completed. The required records are those for (1) Tuberculosis Screening and (2) Measles, Mumps, and Rubella (German Measles) Immunization (MMR). See the admission section of this bulletin for detailed requirements.

Available Medical Care. For health needs students may contact University Medical Specialties, located next to the Apple Valley Plaza. Phone 473-2222 during office hours (8 am–5 pm, Monday–Thursday, and 8 am–12 noon, Friday) to schedule appointments.

Physician appointments and nurse visits, as well as most short-term medications, are available to residence-hall students. These services are included in the rent/health plan and are not charged separately to the student. However, charges are made for lab work, X-rays, and accident cases involving third-party liability.

Non-residence-hall students living in the apartments or off-campus housing may also use University Medical Specialties for a fee.

For emergencies outside of regularly scheduled office hours, students may reach a physician at 473-2222.

Health Insurance

Insurance—Sickness/Accident. Every international student in “student status” and every other student registered for 6 or more credit hours is automatically covered by an Accident and Sickness insurance plan by filling out an enrollment card. The payment for this coverage is charged to the student's account the same as tuition and is non-refundable. Students who have proof of the same kind of insurance coverage elsewhere may waive the university plan by presenting a copy of their insurance card or a letter from an employer verifying coverage, and by signing a waiver card at registration. Coverage for a student's spouse and dependent children is also available for an additional fee. All students from outside of the United States must cover dependents who accompany the student to the States. A brochure describing the insurance coverage is available at the Student Insurance Office in the Administration Building. **Students will note that**

this is minimal coverage and may not cover some pre-existing conditions. Consequently, some students may want to consider purchasing additional personal coverage.

Counseling and Testing Center. The Counseling Center is the primary mental health care facility for the university, serving as a supportive medium aimed at enhancing the positive and learning university environment, as it provides timely and comprehensive short-term counseling to university students and their spouses. Its staff is committed to utilizing all available resources in the delivery of services which include personal, group, premarital, and marital counseling, career development, outreach and consultation, teaching and research, training and supervision. The center endorses a holistic approach in working with students, by facilitating the integration of the emotional, spiritual, physical, and social qualities of the individual.

The Counseling Center is fully accredited by the International Association of Counseling Services (IACS), and serves as a training facility for graduate counseling interns and advanced doctoral students. Career exploration and counseling services are offered to enrolled students at no charge. Psychological testing and career assessment are provided for a nominal fee.

National standardized testing, including the ACT, SAT, GRE, LSAT, DAT, GMAT, PRAXIS, MELAB, TOEFL, CLEP, and other academic tests needed at both the undergraduate and graduate levels, are offered at the Counseling and Testing Center.

Student Employment

Before working on campus, all students (both U.S. citizens and others) must personally have a validation interview with an Employment Officer (Administration Building) at which time the officer and the student will make a joint sworn statement on the appropriate I-9 legal declaration form.

Employment Eligibility Certification. The Immigration Reform and Control Act charges all employers to examine and verify certain documents that establish the employment eligibility of all new employees. New and returning students who have not completed an I-9 for Andrews University work in the past, and who plan to seek any employment on the Andrews University campus must supply documents of identity and employability. The office is located in the Administration Building, Second Floor.

Students desiring part-time employment must be enrolled full-time (12 undergraduate credits, eight graduate credits, or nine Master of Divinity credits) and they must complete the necessary paperwork at the Employment Office.

The University allows students to work, as work is available, up to 20 hours per week during the academic year. To maximize work opportunities, the student should schedule their classes so that large portions of the mornings or afternoons are free. Professional performance and conduct is expected in all on-campus employment.

Employment (International Students). An international student on a non-immigrant F-1 visa is permitted to work on-campus a maximum of 20 hours per week during the school year and full-time during school breaks and vacations. F-1 students can only work off-campus with permission from the United States Citizen and Immigration Services (USCIS). Dependents with F-2 visa status can't work on- or off-campus under any circumstances.

Exchange Visitor students on a non-immigrant J-1 visa are allowed to work on- or off-campus a maximum of 20 hours per week during the school year and full-time during school breaks and vacations. Dependents with J-2 visa status are allowed to work after they receive a work permit called the Employment Authorization Document (EAD) from the USCIS.

International students on F-1 or J-1 visas (including dependents) who come to study at Andrews University (AU) should be informed about the immigration laws and regulations in matters related to their visa status. It is the responsibility of the international student to maintain his/her student visa status at all times. Failure to follow immigration regulations, whether intentional or unintentional, is a violation of the student visa status. Consequently, the status of the international student would be terminated and he/she must apply to the USCIS to be reinstated back into the legal student visa status or be faced with possible deportation.

The personnel at International Student Services (ISS) consists of the director called the Principle Designated School Official (PDSO) and two other Designated School Officials (DSO). They are appointed by Andrews University and authorized by United States Citizen and Immigration Services (USCIS) to issue and sign legal students' documents. They are also required to advise international students in areas related to student life on campus such as study, work and travel, etc.

The International Student Services Office communicates information to the international students in matters related to the government laws and immigration by several methods. First, the orientation for new international students is required upon arrival at Andrews University. Failure to attend the orientation program will result in a fine to the student of \$75. In addition, they will have to attend a rescheduled orientation program in order to register for the semester. Other means of communication include the AU Bulletin, the international student services website, the Andrews Agenda, ISS newsletter, and email. All international students are required to immediately update the International Student Services Office of any changes in their student visa status, address, change of major or change of academic level.

sion from the USCIS. Permission for off-campus employment is given for 1) economic hardship, 2) curricular practical training, and 3) optional practical training.

F-2 dependents cannot work under any circumstances while they are in the country.

Curricular Practical Training (CPT). Employment authorization for Curricular Practical Training is given to students whose degree programs require off-campus work experience. International students may NOT begin working until the I-20 has been issued for employment authorization by the DSO. CPT is limited to twenty hours per week if the student is required to take classes during the practicum. If the CPT work is full-time, then the I-20 must be issued for full-time. For more information, contact the International Student Services office.

Clinicals, Practicums, or Internships. International students who are paid for clinicals, practicums or internships as part of a degree program MUST apply for Curricular Practical Training and be issued a new I-20. Failure to do so will consider their work illegal.

Optional Practical Training (OPT). Optional Practical Training is an optional work benefit for F-1 students, intended for practical work experience in their major field of study. Upon USCIS approval, a student receives work authorization to do OPT anywhere in the United States for a total of 12 months. International students must apply for OPT before they finish their course work. They could apply three months before finishing their course work and no later than two weeks prior to completion of course work.
